

Dear Don Carlisle,  
Here is something I would like you to know...

We have had our Carlisle floors for  
over a year now & LOVE it!! I am amazed  
at how durable they are with two toddlers  
in the house and all the entertaining we do.  
We have received several compliments on our  
floors and always tell our friends where our  
flooring came from! 😊

Thanks,

Debbie Coble
